Topics we are learning in class:

Homework Due this week:

What is the assignment asking me to do?

What materials do I need?

What cue/strategy sheets will help me?

How can I do it on my own? Let me tell you what I think I should do.....

Homework already turned in:

I feel good about this.....

I was unsure about this.....

So here is how I did it?

What is another way to approach it?

What am I excited about that I learned?

What confused me?

Tests:

Help me review the last test.

What did I do great on? How should I repeat that?

What was more difficult? How should I study differently this time?

What materials do I need? What can I learn about your test style?

Upcoming Projects:

The assignment is:

What should I be doing this week?

Here is what I am currently doing....

This is the amount of time I have allocated:

How much time do I need to allocate?

What are all the materials I need?
